At Lowe's, Pergo luxury vinyl plank (LVP) flooring is primarily represented by the **Pergo DuraCraft** lineup (replacing or succeeding older lines like Pergo Extreme). These floors feature a robust 22 mil wear layer, waterproof surface and subfloor protection via WetProtect technology, and click-lock installation. www.pergoflooring.com +3

Core Product Lines & Series

- **Pergo DuraCraft Standard & Wide Plank Series:** Features realistic wirebrushed and embossed wood grain visuals with 4-sided pressed bevel edges. Planks typically range from standard widths (around 7.46 inches) up to wide planks (8.75 to 9.5 inches). Lowe's +2
- **Popular Color/Style Variations Available:**
  - **Seville Oak:** Rich, dark brown wide-plank oak look.
  - **Nottingham Oak:** Mid-tone warm brown with subtle gray undertones.
  - **Galway Oak:** Sandy, natural oak with golden undertones.
  - **Caspian Oak & Danube Oak:** Part of the DuraCraft RE regional offerings featuring specialized multi-tonal grain patterns.
  - **Lourdes Oak, Lyon Oak, & Dresden Oak:** Standard-width textured wood-look planks. Lowe's +4

Key Technical Features

- **Waterproofing:** Uses WetProtect system to lock moisture on the surface and protect the subfloor.
- **Durability:** Rated 2X more durable than ordinary vinyl with a heavy-duty 22 mil wear layer suited for heavy residential traffic.
- **Installation:** Floating or click-lock installation utilizing Uniclic joint systems.
- **Safety/Extras:** Built-in antimicrobial properties and slip-resistant surface traction.

Would you like help comparing **Pergo DuraCraft LVP** to **Pergo laminate**, or do you need assistance estimating how many **square feet** you need for your room? Reddit · r/Flooring
